

SPECTRUM RGBW

The reliable Spectrum RGBW provides smooth colour changing in a compact form factor, producing rich and intensely coloured light. Spectrum RGBW is perfect for many creative architectural lighting applications when used either indirectly or directly as a line of light.

With advanced design features and a quad-chip LED that allows colour mixing to occur in each diode, Spectrum RGBW delivers a pure, bright and untainted glow of each colour that is completely uniform in appearance.

POWER	PROFILE
20W 20.6W / metre	
	P20D

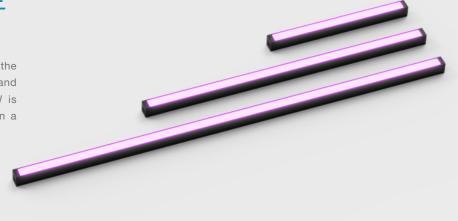

RGBW COLOURS

Spectrum RGBW offers full gamut RGBW colour ideal for decorative application and dazzling effects.

HIGHLY VERSATILE LENGTH OPTIONS

Highly versatile length options allows the user to achieve much more accurate and adaptable lengths. The Spectrum RGBW is able to achieve any desired length within a 70mm increment.

L70

LONG USEFUL OPERATING LIFE

Coolon products use the world's most reputable LED manufacturers and the latest available standards to adequately report lumen maintenance. We strive to drive LEDs under their nominal current and use state-of-the-art heat dissipation methods, leading to durable electronics.

FLEXIBLE COLOUR MIXING VARIATIONS

Quad-chip LEDs provide spectacular colour mixing. Our high performance and superior quality LEDs have the ability to produce 16.7 million colours.

5 YEARS WARRANTY

Coolon luminaires are covered by a solid comprehensive manufacturer's warranty that covers a range of possible defects and performance parameters throughout the duration of the warranty period.

PROUDLY MADE IN AUSTRALIA

Our products are designed and manufactured in Australia. Engineered to perfection, using only the highest quality components and highly skilled labour, each luminaire is assembled and thoroughly tested to ensure that it exceeds the highest standards.
